

FASTAID ASPIRE-EDITION™ OUTDOOR RECREATION FIRST AID KIT

Description

- Red rugged soft pack
- Ultra-tough portable case with strapping
- TGA registered no. 128314
- Splash resistant fabric and zippers
- Contains Evo-Bandage indicator snake bandage

The Aspire-Edition™ Outdoor Recreation first aid kit is a 1-10 person vehicle compliant kit designed for outdoor recreation and includes a variety of essential first aid items. It features the Afterbite Itch Eraser for insect bites, a Fever Scan strip forehead thermometer for temperature monitoring, and an LED torch for visibility and emergencies.

Key components also include the Evo-Bandage, a premium latex-free snake bite compression bandage with compression indicators for proper venom restriction. Basic wound care essentials such as plasters, dressings, and eye wash are included, along with hydrogel burn gel for treating burns.

The kit provides a full-color Snake and Spider Identification Sheet and a Symptoms and Treatment Guide to assist in identifying and treating bites.

Packaged in a rugged, compact khaki soft case with MOLLE strapping for secure attachment to vehicle headrests and cargo barriers or ATVs, the kit features reflective tape and piping for visibility in low-light conditions. Water-resistant fabric and zippers keep contents dry and dust-free.

Internally, the kit is organized with color-coded contents and fold-out compartments for easy access and organization during emergencies. Designed with the user in mind, it aims to provide comprehensive first aid support for outdoor enthusiasts.
