

FASTAID R4 CONSTRUCTA MEDIC™ SOFT PACK FIRST AID KIT

Description

- Red fabric soft pack
- Tough water-resistant backed fabric
- TGA registered no. 128314
- 1-50 person low and high risk compliant
- Designed for large construction sites

The FastAid R4 Constructa Medic™ first aid kit is the ultimate kit for construction and civil applications, exceeding Australia's national Work Health and Safety (WHS) standards for workplace environments.

This first aid kit is designed for use in first aid rooms and complies with the most recent WHS regulations. It is suitable for low-risk work environments as well as high-risk areas such as construction and civil sites, covering up to 50 people on-site.

The R4 Constructa Medic™ first aid kit is packed with a comprehensive range of premium hospital grade contents and includes five additional modules for treatment of burn injuries, eye injuries and outdoor risks such as snake and spider bites. The outdoor module includes a full colour snake and spider bite identification and treatment guide and appropriate contents to effectively treat bites. The burns module includes extras such as hydrogel burn gels and dressings for effective burns treatment, including treatment guides.

Unique colour coded contents make locating the right item in an emergency faster and easier.

This highly portable and exceptionally durable medical-style soft pack case features internal compartments for organised storage and includes an adjustable shoulder strap for quick grab-and-go scenarios. Concealed backpack straps can be deployed to convert the kit into a backpack-style case. For enhanced visibility in dim lighting, the case's exterior is equipped with a reflective strip, making it easier to locate your first aid kit.
